

Instructions for Acceptance of Rollover Contribution

Important Information Before you Begin

Use this form for all Rollovers except In-Plan Roth Rollovers.

Section 1 – General Information

Complete contract holder name (trustee), contract number, participant's name, and social security number of the participant.

Each rollover contribution must be accompanied by this form, duly completed and signed by the trustee/authorized plan representative. Rollover amounts will not be invested in the participant's account under your plan's John Hancock Retirement Plan Services ("John Hancock") group annuity contract unless accompanied by this form.

The rollover contribution check should be made payable to John Hancock for the benefit of the participant. Where possible, also request that the plan name/contract number be included on the check.

Example: "John Hancock c/o Trustees of XYZ Plan FBO Jane Doe"

Alternatively, the rollover contribution can be sent as an electronic fund transfer. Contact your client contact representative for more information.

Section 2 – Rollover Amount

Indicate the amount of the rollover.

Section 3 – Designation of Rollover Amount

Your Plan Consultant (TPA) is responsible for keeping track of after-tax monies attributable to pre-1987 and post-1986 contributions. John Hancock does not record-keep this information.

401(a) Rollover designation includes assets rolling in from a 401(k) plan.

Beginning in 2007, after tax contributions held in a Section 403(b) plan may be directly rolled over into a qualified 401(a) plan if your Plan permits and if certain conditions are satisfied. Please check with your Plan Administrator for details.

Indirect Roth 401(k) Rollover - If a distribution from a designated Roth 401(k) account is made to a participant and the participant then rolls over the distribution within 60 days from the date of the distribution, such a rollover is an indirect rollover. Only the portion of the distribution that is includible in gross income (i.e. earnings) is permitted to be rolled over in an indirect rollover.

First year of designated Roth contribution under prior plan - Complete this item only if the rollover consists of Roth 401(k) contribution and the rollover is a direct rollover. If the year is not provided, we will use the first year in which the participant makes a regular Roth 401(k) contribution under this group annuity contract to determine if the participant's distribution satisfies the 5-year requirement of a "qualified distribution". If you have not made previous designated Roth 401(k) contributions, and the year is not provided, we will use the current year as the first year of designated Roth contributions. You do not need to complete this item if the rollover from the Roth 401(k) account is not a direct rollover.

The rollover contribution will be invested according to the participant's latest allocation instructions on file with John Hancock. In the absence of any such allocation instructions, the rollover contribution will be invested in the designated default investment.

If the participant wishes to provide alternate instructions for the rollover amount, they must contact our toll-free service line at 1-800-395-1113 to speak to a client account representative or visit our participant website at www.Johnhancock.com/myplan.

If you have designated a money type that is currently unavailable under your contract, the form must be signed by a trustee of the plan and the money type will be added to your contract.
