## To change your monitor's resolution

1. Right-click the desktop, and then click **Properties**.

- 2. In the **Display Properties** dialog box, click the **Settings** tab.
- 3. Drag the **Screen resolution** slider to the left to decrease the resolution of your monitor, making text and pictures appear larger. Or drag the **Screen resolution** slider to the right to increase your monitor's resolution, making text and pictures appear smaller.

4. Click Apply to have the new resolution take effect.
